

Amendment to the Drawings

The drawings have been amended pursuant to the Examiner's request as noted in the Notice of Draftsman's Patent Drawing Review. Specifically, Fig. 10 has been amended so that each view is separately labeled as Figures 10a and 10b. A clean set of the drawings is attached.

REMARKS

The above Amendment is being filed to correct the drawings as required in the Notice of Draftsperson's Patent Drawing Review. The specification has been amended to conform to the amendment to the drawings.

Additionally, it is requested that the spelling of Applicant's name be corrected. A Request for Correction of Filing Receipt is also being filed to address the correction to the Applicant's name.

This Amendment adds no new matter to the application. Because the application has been allowed and the issue fee is being paid concurrently herewith, the amendments merely place the application into better form for issue. Accordingly, the Applicants respectfully request entry of the Amendment After Allowance under 37 C.F.R. § 1.312 and the issuance of a post-allowance communication reflecting such entry.

Respectfully submitted,
